

14,000 SOLDIERS WHO SMASHED HINDENBURG GIVEN BIG WELCOME

Members of Famous 27th Division Arrive Home From Overseas

NE WYORK, March 6.—Fourteen thousand New York soldiers, members of the famous 27th division, who proved that the "impregnable" Hindenburg line could be broken, arrived here today on the transports Leviathan and Mauretania.

Hoboken's waterfront was crowded as never before when the Leviathan swung into the dock and across the river, outside the Cunard piers. Another giant throng greeted the Mauretania.

Major General John F. O'Ryan, commander of "New York's Own," found awaiting him Mrs. O'Ryan and their children. It was a touching reunion, but only one of many.

This afternoon the general and his staff paid a formal call on Mayor Hylan at city hall, where the mayor paid his tribute to New York's former national guardsmen, the men who "went through hell and broke the Hindenburg line."

The general's reply was brief. "The high opinion that has been held of the fighting qualities of American soldiers I believe has been justified," he said. "Our troops were looked up to by the British and the French, and I might say, by the enemy."

THIRD LOT OF LOOT FROM STORES FOUND

In again searching Augustine Jaramillo's house yesterday, the police and sheriff's office found more clothing and merchandise said to have been stolen from local stores during recent months. A set of china ware, found hidden in a store room of the house, was identified yesterday by the Copper Queen club house. This china had been stolen several months ago. Practically all of the goods recovered have been identified and returned to the owners. The two Mexicans and their wives are being held in the city jail pending a preliminary hearing today in Judge J. Allison's court.

FRENCH PROBLEM DIFFICULT

PARIS, March 6.—(By the Associated Press.)—Difficulty is being experienced in arranging for the promised abatement of the cost of living in France through the importation on the government account of large amounts of food supplies from America, because of the hesitation of the French government to expend specie in purchases abroad, fearing that the higher cost of exchanges will be still further increased by heavier adverse trade balances.

TEXAS BUSINESS MAN ENDORSES IT

White Sewing Machine Manager Believes Tanlac Will Help All Other Sufferers

"If it hadn't been for what other people said about Tanlac I might be suffering yet, and nobody need fear troubles like I had as long as Tanlac is made," said H. A. Morrison, local manager for White Sewing Machine company, Dallas, Texas, and living at 3517 Brown street, that city.

"I suffered from a long-standing and stubborn case of stomach trouble," he continued. "My stomach was nearly always full of gas that gave me no end of misery, and I had to quit eating most everything but broth and other light diet. I had an awful pain in my right side that I couldn't stand up straight and sometimes I would almost double up in agony. I had terrible headaches, my sleep was so broken it didn't do me any good and I felt tired and worn out all the time."

"I read of a man in Tennessee who had gotten relief from the same trouble as mine by taking Tanlac, so I decided to try it. Before I had finished my first bottle I began to feel better and a few more made me feel like a different man. I got as hungry as a bear at meal time, eat anything I want and nothing hurts me at all. I sleep as sound as a log and get up full of life and energy. I have already gained eight pounds and my work is a real pleasure to me now."

Call Bankers Conference on Railroad Loan

Possible Solution of Problem Caused by Lack of Funds Sought

WASHINGTON, March 6.—Director General Hines today determined to call a conference of leading bankers and railway corporation representatives in Washington next Tuesday to discuss possible solutions of the problem created by failure of congress to appropriate funds for the railroad administration. The persons to be invited have not been selected.

RETAIL CLOTHIERS TO FORM ASSOCIATION

DENVER, Colo., March 6.—Organization of a Western Retail Clothing Dealers' Association, to comprise business men of Colorado, Wyoming, Utah, Arizona and New Mexico will be launched at the convention next week in Denver of the Colorado Clothiers' Association. This announcement was made today by Boulton Boyd, executive secretary of the organization.

FIVE SHOT, TWO MAY DIE, IN FEUD FIGHT

(By Review Leased Wire) DETROIT, Mich., March 6.—Five persons were shot, two of them probably fatally tonight in what police believe to be another of a series of Sicilian feud fights that have resulted in the death of six Italians here in the last month.

The wounded were patrons of a restaurant whose proprietor was fired upon by men who drove up in an automobile and then escaped.

LEAGUE NATIONS CONFERENCE

(By Review Leased Wire) BERNE, Wednesday, Mar. 6.—A conference of league of nations societies will open tomorrow in the town casino in Berne. The delegates from Holland will be General Meester, Beekun Donk and Haakon Lodeker; from Denmark, Klara Tyberg; from Germany, Prof. Ludo Brentano and Dr. Hans Wesberg, and from Austria, Professor von Laun.

Delegates were expected from England and France respectively. Mrs. Philip Snowden and Gustave Hubbard, but they are reported to be finding difficulty in obtaining passports. The Swiss peace society has refused to take part in the conference.

W. S. S. COUNTERFEITER CAUGHT

(By Review Leased Wire) SPRINGFIELD, Mo., March 6.—With the arrest and reported confession today of Roy Lee Gafner, a automobile mechanic, secret service operatives and postal authorities say they are confident they have discovered a clever and perfect war stamp counterfeiting scheme. Gafner was arrested this afternoon. He was released on \$1500 bond.

It was announced that Gafner had registered approximately \$300 worth of stamps at the local postoffice. The system of manufacturing the stamps was so accurate and so simple, officers said, that they declined to give a description of the device.

NEW IDAHO BOXING BILL

(By Review Leased Wire) BOISE, Idaho, Mar. 6.—Boxing, wrestling and all sports are to be carefully regulated in Idaho under the terms of a bill which has passed both houses of the legislature. The measure, which sets a high code of ethics for professional and amateur sports, provides for a commission under the department of law enforcement, to enforce the new provisions. A four ounce minimum weight is fixed for boxing gloves, and boxing contests are limited to 20 rounds of three minutes each. The two women members of the legislature gave hearty support to the measure.

O'LEARY ENDS TESTIMONY

(By Review Leased Wire) NEW YORK, Mar. 6.—Jeremiah A. O'Leary, former editor of the anti-British magazine Bull, closed his direct testimony today at his trial in federal court on a charge of violating the espionage act, with the assertion that "every article, paper and letter" introduced in evidence against him by the government had been written prior to America's entrance into the war.

ATTORNEY GENERAL ARRESTED

(By Review Leased Wire) NEVADA, Mo., March 6.—Attorney General McAllister of Missouri, and four others were arrested today at Stults lake, near here, on a charge of hunting ducks in violation of the federal game law. They were taken to Clinton, Mo., to be arraigned before the United States commission.

REPUBLICANS ELECT MORE CHAIRMANSHIPS OF HOUSE COMMITTEES

Floor Leader, Whip and Steering Committee Still to Be Chosen

WASHINGTON, March 6.—With every important committee chairmanship settled, republican leaders on the committee on committees today completed the foundation of the house organization for the next congress, but held in abeyance selection of the floor leader, whip and steering committee. Strict application of the seniority rule prevailed.

Tomorrow, the committee will begin the assignment of new members-elect to committees.

Representative Longworth, Ohio, attacked the work of the committee, declaring its "extraordinary progress" had been "backward to the days of so-called Cannonism and then some," and that the strict interpretation of the seniority rule had been followed so that it was "utterly impossible to consider real merit as the basis for organization." He added, however, that he was confident of republican success in legislation "not because of, but in spite of" the committee's work.

Among the important chairmanships determined today were: Banking and currency, Platt of New York; public lands, Simeon, Oregon; education, Fess, Ohio; insular affairs, Townner, Iowa; public buildings, Langley, Kentucky; immigration, Johnson, Washington; Indian affairs, Snyder, New York; territories, Currie, California.

At the request of Representative Kitchen of North Carolina, democratic leader in the last house, who will be the ranking minority member of the ways and means committee during republican control, the membership of the committee was increased to twenty-five so as not to displace any democratic members. The republicans will have fifteen members.

TARDIEU GIVES FRENCH VIEW

(By Review Leased Wire) PARIS, March 6.—What he regarded as the official French view of the military terms was expressed by Captain Tardieu when he said to the peace delegates:

"It is almost unanimous that the terms should be even more severe than those proposed."

Captain Tardieu said the commission on Belgian affairs had agreed on the revision of the treaty of 1839. It is understood that the commission favors the adoption of Malmédy—in Rhenish Prussia—and Moresnet—on the Belgian-Prussian border—to Belgium.

With regard to possible alterations, Captain Tardieu explained that various objections, made not only by the United States, but by other nations, would be considered, first by the drafting commission and later by the council.

"This work will be resumed," he said, "immediately after the return of President Wilson."

CALDER TO PRESS CHARGES

NEW YORK, Mar. 6.—Protest of Emil Franqui, former chairman of the Belgian relief commission, who declared he was "shocked" at the resolution of Senator Calder of New York, calling for a senate investigation of the shipment of alleged decayed wheat to Belgium, will not deter Senator Calder from pressing his demand for an investigation, he declared at his home in Brooklyn tonight.

Evidence on which he demanded the investigation, he said, was in the form of sworn testimony at a recent inquiry before Chief Magistrate McAdoo of New York. This testimony, he said, indicated that at least two shipments of decayed wheat, of 250,000 bushels and another of 17,000 bushels had been sent to Belgium.

N. M. ROAD BILL PASSED

(By Review Leased Wire) SANTI FE, N. M., March 6.—The bill authorizing the construction of a state highway from Farmington in San Juan county to Albuquerque, has passed both Houses of the Legislature and now is in the hands of the Governor, who is expected to sign it.

The bill provides for a tax levy of one mill in San Juan county, one-half a mill in Rio Arriba county, one-half a mill in Sandoval county and one-eighth of a mill in Bernalillo county, for three years. This will yield a total of \$63,000 which, with State and Federal aid, will amount to a grand total of \$252,000.

STUDENTS SUSPENDED

STANFORD UNIVERSITY, Calif., Mar. 6.—Suspension of the 43 male students until the opening of the fall semester in October was ordered today by the Students' Affairs committee of Stanford university because of a Washington's birthday parade held by freshmen in women's garb.

L. A. PLAYER TO TEXAS

(By Review Leased Wire) LOS ANGELES, Calif., Mar. 6.—Joe Pepe, third baseman of the Los Angeles baseball team of the Pacific Coast league, was sold today to the Ft. Worth club of the Texas league, it was announced by President John Powers of the Los Angeles club.

RIGHT OF EMPLOYEES TO ORGANIZE UNIONS SUSTAINED BY BOARD

National War Labor Body Orders Firm to Allow Men to Organize

(By Review Leased Wire)

NEW YORK, Mar. 6.—The National War Labor board in session here today handed down several decisions sustaining the right of employees to organizing and bargain collectively through "freely chosen" committees.

The most important finding was in the case of employees of the Brooklyn Rapid Transit company, in which it was recommended that the company and its subsidiaries "give full and free permission to its employees to organize into labor unions in conformity with the announced principles of this board and as a matter of plain right and justice."

In the dispute of a group of workers with the Williamsport Wire company of Williamsport, Pa., it was recommended that upon formation of employees committees the company consider with them a shorter day "conducive to greater health and well being of the workers." Reinstatement of employees discharged because of membership in labor unions was recommended.

The right to organize and bargain collectively was granted by the board to employees of the Northwestern Leather company, Sault Ste. Marie, Mich., and the Detroit Forging company, Detroit, Mich.

In the case of the employees of the Walworth Manufacturing company of Kewanee, Ill., the board ordered payment of a 10 per cent bonus to workers from August 16, 1918, until November 15, 1918; that night workers shall receive a 5 per cent higher rate than day workers; that the reduction of hours from 50 to 48 shall be effective as of November 16, 1918, and that wages earned since that time shall be computed on that basis; that women workers performing the same work as men, shall receive equal pay.

The employees' demand for abolition of piece work was not granted by the board but it was recommended that piece workers be guaranteed minimum hourly rates for time lost waiting for materials and under other circumstances beyond the workers' control.

RAILROAD'S REQUEST GRANTED

(By Review Leased Wire) PHOENIX, Ariz., Mar. 6.—The state corporation commission today granted the application of the Arizona & New Mexico Railroad company for permission to participate in a joint intrastate baggage traffic which would cancel a number of conflicting individual charges. The Morenci Southern railway was refused a similar permit owing to the fact that it was unrepresented at the commission's hearing.

CALIFORNIA COPPER MINE CLOSES DOWN

(By Review Leased Wire) KESWICK, Calif., Mar. 6.—Development and production work was stopped today at the Iron Mountain mine, one of California's best known copper producers, on orders cabled by the company's directors from London, England. The low price of copper was given as the reason.

DRUGGISTS! VICK'S VAPORUB SHORTAGE OVERCOME AT LAST

The Deal Scheduled for Last November, Which Was Postponed on Account of the Influenza Epidemic, is Now Re-instated—Good During the Month of March

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH WEEK

It is with pride that we announce to the drug trade that the shortage of Vick's Vaporub, which has lasted since last October, is now overcome. Since January 1st, we have been running our laboratory twenty-three and a half hours out of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of Vaporub, is re-instated for the month of March. This allows a discount of 10 per cent on shipments from jobbers' stock of quantities of from 1 to 4 gross, 5 per cent of this discount is allowed by the jobber and 5 per cent by us.

We advise the retail druggists to place their orders immediately, so that the jobbers will be able to get prompt shipments to them.

THANKS OF THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC

The thanks of the American public are certainly due the entire drug trade—retail, wholesale and manufacturing—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelming, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's Vaporub by the quickest route, regardless of expense.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION

In this emergency we have tried to

"Gen." Coxe to Lead New Army To Washington

"Invasion" This Time to Be Made as Protest Against Prohibition

(By Review Leased Wire)

NEW YORK, Mar. 6.—"General" Jacob Coxe declared here tonight that he proposes to lead another "army" to Washington as a protest against national prohibition. He has decided, however, that he will not go on foot, but will travel in a touring car and motor transportation will be provided, he said, for all his cohorts.

STRIKE SITUATION IN HAVANA IS QUIET

(By Review Leased Wire) HAVANA, Mar. 6.—The strikers remained quiet today but apparently tonight they were as firm as ever in their intention to bring victory to their cause.

A few strike sympathizers were arrested on charges of distributing seditious leaflets. Very little work was done by the 300 convicts sent to the docks under a soldier guard to remove perishable merchandise on incoming steamers. Some firms refused to permit convicts to handle their goods.

President Menocal returned to Havana this evening and conferred with his cabinet. He signified willingness to act as arbitrator in the building trades union strike, provided the men who were out on a sympathetic strike return to work immediately.

70,000 SHOE WORKERS TO LOSE POSITIONS

(By Review Leased Wire) WASHINGTON, Mar. 6.—Seventy thousand Swedish shoe workers will be thrown out of employment April 15 by suspension of operations in all shoe factories of Sweden. Dispatches to the state department today said manufacturers had decided to close their plants, because of over-production during the war and "unsound speculation" since the armistice.

CALIFORNIA COPPER MINE CLOSES DOWN

(By Review Leased Wire) KESWICK, Calif., Mar. 6.—Development and production work was stopped today at the Iron Mountain mine, one of California's best known copper producers, on orders cabled by the company's directors from London, England. The low price of copper was given as the reason.

FOUR DAIRIES PASS FIRST MILK TESTS

According to records compiled by H. A. Reese, superintendent county board of health, four dairies succeeded in passing all tests the first time, while one dairy failed to pass the test after four tests had been submitted.

Following is the report of the city and county bacteriologist for the month of February:

"The following dairies passed all tests for butter fat and total solids: Hillside, Mrs. Elliott's, Hayes & Conley's (milk A. B. and C.). The following dairies failed to pass the test one time: Bisbee Creamery, Royal Confectionary and Busy Bee. The following dairies failed to pass twice: Standard and Karum. The following dairies failed to pass four times: The San Jose.

"In cleanliness, the milk holds the following order, with the cleanest milk first on the list: Hillside Dairy, with only 3000 bacteria per c. c.; Mrs. Elliott's, San Jose, Onley (C), Conley (A), Busy Bee, Karum's, Standard, Hayes, Bisbee Creamery, Royal Confectionary and Conley (milk B, with 1,000,000 bacteria per c. c.

BACON RULE LIFTED LONDON, March 6.—Private traders will be free to import bacon into Britain from March 10. This announcement was made in the house of commons today.
